**The Perfect Set!**

Whether you are a volleyball "pro" or amateur, everyone likes to to "speak the language". Here are a few terms to help you enjoy the match.

### "Technical" Volleyball Terminology

**Attack Block** - A block where the players aggressively go after the spiked ball by reading the spiker's actions and intentions.

**"Ball!"** - A universal cry that means, "Don't Jump!" as a ball is dangerously close to rolling under those jumping in a spiking or blocking line.

**Cut Shot** - A spike from the hitters strong side that travels at a sharp angle across the court.

**Deep Dish** - To cradle the ball for a long time when setting; very soft hands, almost like a ball going into Jello. Some setters hold onto the ball, legally, to get a commitment out of the opposing blockers' catch-look-look-release...

**Free Ball** - A ball the opponent cannot attack and must yield by passing over the net. Blockers drop off the net to near the three-meter line and setter awaits a good pass in the slot.

**Seam** - The space between the blockers and between backcourt defenders

**High Seam** - The gap, no matter how small, between the hands of two blockers together.

**Knuckler** - An emergency one-handed technique used to save balls set tight to the net. The fingers are curled and the ball hits the heel of the hands to be punched.

### Fun Volleyball Terminology

**A.C.E.** - Automatic Complaints and Excuses; a type of player who is always ready with an ailment or handy excuse for any ball that they should have played well but didn't. Not good for the team.

**"Cake"** - The war cry from a defensive player who has just dug the best opposing hitter.

**Cardinal** - A volleyball sin such as serving out on game point or after a time out.

**"Catch the Jetstream"** - Serving out long, especially at tight action time.

**Chump** - A weak opponent or player; from the taunt, "the difference between a champ and a chump is 'U'".

**Cleaner** - A good floor defender who never lets an opponent's shot hit the floor, "keeping it clean," especially if it is a "trash" shot.

**"Dollar, Please"** - Phrase said to a player who was so faked out, he or she ended up outside and needs a dollar to get back in.

**Facial Disgracial** - A spike that hits the opposing blocker or floor defender in the face

**"Hollywood"** - A defensive roll or dive done for style with no chance of touching the ball.

**Hoover** - A very good defense player; a human "vacuum cleaner" that gets every ball off the floor.

**Hummingbird** - A player, usually small, who darts, dashes and zips all over the court.

**Husband and Wife** - When two players fail to communicate and a problem occurs.

**Jungle Ball** - Any gathering of people playing volleyball who don't really know how to play volleyball. Once you have learned how to play, hacking and heaving the ball around as in jungle ball is no longer any fun.

**M & M** - Major mismatch caused by a crafty setter who gets the spikers up against no or a weak block.

**Matador Dig** - A dig or pass by a player near an out of bounds line that begins with the athlete looking like the skill will be performed. Suddenly they "ole" out of the way, only to see the ball land in bounds.

**School's Out** - When the blockers get faked out so the best hitter is getting ready to crank one on none and you are defending, "school is out."

**Six Pack** - Another term for getting a spiked ball in the face on defense. A "12-pack" actually knocks down the defender. In the past, the defender was then obligated to buy the spiker a six-pack of his/her desired beverage.

**Whistler** - An amazing shot, as people often whistle when something amazing happens.
